Their struggle to put their sorrow into words moved Agnes not because they cared so deeply, but because in the end they were unable to express themselves adequately. Without the relief provided by expression, their anguish grew corrosive. Their lifelong introversion left them without the social skills to unburden themselves or to provide solace to others. Worse, their obsessions with death, in all its many means and mechanisms, had prepared them to expect Barty's cancer, which left them neither shocked nor capable of consolation, but merely resigned. Ultimately, in great frustration, each twin was reduced to fragmented sentences, crippled gestures, quiet tears-and Agnes became the only consoler..When Junior tried to lift Victoria, her voluptuousness lost its appeal. As dead weight, she was heavier than he expected..At sunset, the boy stood in the backyard, gazing up through the branches of the giant oak as an orange sky darkened to coral, to red, to purple, to

indigo..When the long table was laden and the wine poured, when everyone but Mary settled into chairs, Angel said, "My daughter tells me she wants to make a short presentation before I say grace. I don't know what it is, but she assures me it doesn't involve singing, dancing, or reading any of her poetry." I.This time he didn't flip the quarter straight into the air. He tipped his hand, and with his thumb, he shot the coin toward Agnes..His words echoed back to her from July: My cold's just here, not every place I am..If magic explained the jacks on Friday evening, maybe it was the dark variety of magic. Maybe he shouldn't be endeavoring to summon, once more, whatever spirit was responsible for the four knaves..Before Junior had become a physical therapist, he had considered studying to be a dentist. A low tolerance for the stench of halitosis born of gum disease had decided him against dentistry, but he still could appreciate a set of teeth as exceptional as these.. "Well, as years pass, they're going to be a financial burden, if nothing else, so I'm glad I've got a little surprise for you."The mummified moon had unwound itself from its rags of embalming clouds. Its pocked face glowered in full brightness on the spreading branches of the pine, on the yard, and on the graveled driveway.. "Oh, sure, I know," Mary said. "But when it's a bad place, you feel it before you go in. So you just go around to the next place that isn't bad. No big deal!".What the commodifiers of fantasy count on and exploit is the insuperable imagination of the reader, child or adult, which gives even these dead things life-of a sort, for a while..Hard experience had taught him, however, that killing someone he knew, while occasionally necessary, didn't release stress. Or if it did briefly release stress, then unforeseen consequences always contributed to even worse future stress..After examining Phimie, who was nauseous, Daines prescribed an anticonvulsant, an antiemetic, and a sedative, all intravenously..The detective shrugged. "The girl might've had her baby at a third rate hospital, one with poor control of patients' records and a less professional staff. Or the kid might have been placed for adoption through some baby brokerage in it strictly for the money. Then there would've been opportunities to learn something. But as soon as I discovered it was St. Mary's, I knew we were screwed."..Ever since he'd searched Vanadium's house, over fourteen months ago, Junior had enjoyed learning about other people by touring their homes in their absence. Because he was unwilling to risk arrest for breaking and entering, these explorations were rare, other than in the homes of women whom he'd dated long enough to justify swapping keys. Happily, in this golden age of trust and easy relationships, as little as a week of hot sex could lead to key-level commitment..He wasn't required to torture himself in search of pleasant conversation with those they visited. Agnes had virtually invented pleasant conversation..Celestina looked up from the scarred top of the desk toward the fog-white sky beyond the window, from reality to the promise..After a hesitation, she said, "You're the boogeyman, except when I saw you, I was hiding under the bed where you're supposed to be."..Either Obadiah intuited Agnes's fear or he was motivated by her kindness to reveal his method, after all. "I'm embarrassed to say what you saw wasn't real magician's work. Crude deception. I chose the ace of diamonds exactly because it represents wealth in fortune-telling, so it's a positive card that people respond well to. The ace with your boy's name was prepared beforehand, inserted face up toward the bottom of the deck, so a middle cut wouldn't reveal it."..-though this Tom now has a rhinoceros-smacked face, this other Tom, in his own world, has an ordinary face. Poor him, so ordinary.".. "There's lots of places where I don't have bad eyes at all. And then lots of places where I have it worse or don't have it as bad, but still have it some."..Paul stayed with her, sometimes wincing at the ground as though the danger were there, not above-which, in a sense, it was, because impact rather than the fall itself is the killer-and at other times putting his arms around her, staring up at the boy above. But he, too, was silent..Anyway, the thing that scared her was not the monstrous father of this child. The fearsome thing was the decision that she had made a few minutes ago, in the unused hospital room on the seventh floor..In his blindness, Barty listened to her reports and, through her, saw more than he could have seen if never he had lost his eyes..He went directly to the kitchen and drew a glass of water at the sink faucet. He swallowed two antiemetic tablets that he had brought with him, to guard against vomiting..Angel, busy with a cookie through most of this, licked crumbs from her lips and asked Paul, "Do you have a puppy?"..Maybe every accidental death was suspicious to Vanadium. His obsessive hounding of Junior might be his standard operating procedure..Here, four days past Christmas, after two days of torment, Agnes knew the worst, that her treasured son must go eyeless or die, must choose between blindness or cancer of the brain..The end of his quest was near, so near, the right Bartholomew almost within 'mullet range. He was furious with Neddy Gnathic for possibly screwing this up..Three doors in the dark hallway: one to the right, ajar, and two to the left, both closed..His enjoyment of the art was diminished by these associations, and as Junior turned away from Industrial Woman, his attention was suddenly captured by the quarters. Three lay on the floor at her gear wheel-and-meat-cleaver feet. They had not been here earlier..At her touch, she felt a tension go out of the doctor. His hands slipped from his face, and he turned to her, shuddering not with fear but with what might have been relief..The hum, the buzz, the rattle, the grinding of machinery, power tools. Sheet steel and tougher structural steel snarling against the teeth of a metal-cutting saw.. "Sure they do," Barty said. "But I think Maria embroidered the birds just because they were pretty."..Sobbing desperately, he dropped the telephone handset on the secretary, seized the dishtowel. He wrapped the cloth tightly around the shattered stump, applying pressure to diminish the bleeding..Agnes hoped that the boy would spend a night or two in her room, until he was reoriented to the house. But Barty wanted to sleep in his own bed..The way one does research into nonexistent history is to tell the story and find out what happened. I believe this isn't very different from what historians of the so-called real world do. Even if we are present at some historic event, do we comprehend it-can we even remember it-until we can tell it as a story? And for events in times or places outside our own experience, we have nothing to go on but the stories other people tell us. Past events exist, after all, only in memory, which is a form of imagination. The event is real now, but once it's then, its continuing reality is entirely up to us, dependent on our energy and honesty. If we let it drop from memory, only imagination can restore the least glimmer of it. If we lie about the past, forcing it to tell a story we want it to tell, to mean what we want it to mean, it loses its reality, becomes a fake. To bring the past along with us through time in the hold-alls of myth and history is a heavy undertaking; but as Lao Tzu says, wise people march along with the baggage wagons..This was a California live oak, green even in winter, although its leaves were fewer now than they would be in warmer seasons. The elaborate branch structure, reflected around him, was an exquisite and harmonious maze overlaying a mosaic of sunlight green on grass, and something in its patterns suddenly touched him, moved him, seized his imagination. He felt as if he were balanced on the brink of an astonishing insight..In spite of the bravado of the responses in Junior's unspoken half of the conversation, he was increasingly unnerved by Vanadium. The cop was a lunatic, all right, but he was something more than a mere nut case.. "Where did it go?" Grace asked her granddaughter, making as much effort as she could to lighten the mood for the girl's sake..This was the same woman who had been stripping the second bed when Celestina arrived earlier. Now she was here to remake the first..Of the things you couldn't have seen coming, I'm the worst ... I'm the

worst ... I'm the worst.....Paul realized that the kitchen had fallen silent, that the women had turned to the two children and now stood as motionless as figures in a waxworks tableau..Professing befuddlement, the galerieur led the way through three rooms to the front windows, gliding across the polished maple floors as though he were on wheels..This morning he had changed the sheets. Naomi's scent was no longer with him in the bedclothes..One manly woman. Several womanly men. But no blocky figure that could have been the crazed cop even in disguise..He was having difficulty focusing his attention on the problem at hand. Through his mind, odd and disconnected thoughts rolled like slow, greasy, eye-of-the-hurricane waves on an ominous sea..Edom drove, happy to assist Agnes. He was happier still that he didn't have to make the pie deliveries alone..In retrospect, coming here wasn't a wise move. Evidently, the detective had been following him. Now, Vanadium would puzzle out a motive for this late-night graveyard tour.
