"But then came the dragon, Kalessin, bearing him living..They call this the Otter's House," he said. "Very old. As old as the Great House. Everything is.He was in fact a town boy, born in Gont Port. He had said nothing about himself, but Dulse had asked around a bit. The father, a longshoreman, had died in the big earthquake, when Silence would have been seven or eight; the mother was a cook at a waterfront inn. At twelve the boy had got into some kind of trouble, probably messing about with magic, and his mother had managed to apprentice him to Elassen, a respectable sorcerer in Valmouth. There the boy had picked up his true name, and some skill in carpentry and farmwork, if not much else; and Elassen had had the generosity, after three years, to pay his passage to Roke. That was all Dulse knew about him..He resolved to wait and watch. Being a patient man with a strong will, he did so for four years, till Diamond was sixteen. A big, well-grown youth, good at games and lessons, he was 'still ruddy-faced and bright-eyed and cheerful. He had taken it hard when his voice changed, the sweet treble going all untuned and hoarse. Golden had hoped that that was the end of his singing, but the boy went on wandering about with itinerant musicians, ballad-singers and such, learning all their trash. That was no life for a merchant's son who was to inherit and manage his father's properties and mills and business, and Golden told him so. "Singing time is over, son," he said. "You must think about being a man." "While we talk behind her back?".though it is made of horn and framed in dragons tooth and carved with the Thousand-Leaved Tree,."Do you know the way in?" He was alone in the dark. The cold grip of the spells took him by the throat and choked him, bound his hands, pressed on his lungs. He crouched, gasping. He could not think; he could not remember. "Stay with me," he said, and did not know who he spoke to. He was frightened, and did not know what he was frightened of. The wizard, the power, the spell... It was all darkness. But in his body, not in his mind, burned a knowledge he could not name any more, a certainty that was like a tiny lamp held in his hands in a maze of caverns underground. He kept his eyes on that seed of light.."We should find shelter and rest," he said.."I think, if you stayed, Heleth, we could talk.."power over him now. He could walk into it and out of it as if it were mere lines painted on the.Early never disregarded any triviality Hound mentioned, because so many of them had proved not to be trivial. He disliked the old man for that, and because he was unshakable. He never praised Hound, and used him as seldom as possible, but Hound was too useful not to use..A wave of pedestrians caught me up; jostled, I moved forward in the crowd. It took a.this little scene? The other passengers paid no attention to her. See where to go in.."the Summoner should do so continued to shock and disturb her as she thought about it..In Golden's understanding, money was power, but not the only power. There were two others, one equal, one greater. There was birth. When the Lord of the Western Land came to his domain near Glade, Golden was glad to show him fealty. The Lord was born to govern and to keep the peace, as Golden was born to deal with commerce and wealth, each in his place; and each, noble or common, if he served well and honestly, deserved honor and respect. But there were also lesser lords whom Golden could buy and sell, lend to or let beg, men born noble who deserved neither fealty nor honor. Power of birth and power of money were contingent, and must be earned lest they be lost..cabin. He knew now that coaxing was no good.
