Cops gathered like bright-eyed crows in the lengthening shadow of the fire tower..Also in the drawer was a pistol that he kept for home defense. He stared at it, trying to decide whether to go downstairs and make a sandwich or kill himself.. "That wasn't gossip," Grace insisted. "I was just telling you that Paul got the swing repaired

and rehung." "Well, maybe you're right," Bellini said somewhat acerbically, before departing, "but then you've had the advantage of an illegal search, while I'm hampered by such niceties as warrants." When Paul arrived with a Christmas gift, Perri was abed, wearing Chinese-red pajamas, reading Jane Austen. A clever contraption of leather straps, pulleys, and counterweights assisted her in moving her right arm more fluidly than would otherwise have been possible. A lap stand held the book, but she could tam the pages. Besides, he couldn't any longer afford to spend endless hours either learning a new language or attending the opera. His life was too full, leaving him insufficient time for the Bartholomew search. Celestina circled him, half carrying but also half dragging the chair, either because her nerves were still ringing and her arms were weak--or because she was faking weakness in the hope of luring him to a reckless response. Junior circled her while she rounded oil him frantically trying to deal with the pistol without taking his eyes off his adversary. On Joey's side, there was no family to provide help. His mother had died of leukemia when he was four. His dad, fond of beer and brawling--like father not like son--was killed in a bar fight five years later. Without close relatives willing to take him in, Joey went to an orphanage. At nine he wasn't prime adoption material--babies were what was wanted--and he'd been raised in the institution. On the high marsh--Dragonfly--A description of Earthsea. Drawing from a well of inspiration deeper than instinct, Junior knew that if ever he crossed paths with a man named Bartholomew, he must be prepared to deal with him as aggressively as he had dealt with Naomi. And without delay. During the past three years, he'd suffered much because of these sisters, including most recently the humiliation in the Dumpster with the dead musician, Celestina's pencil-necked friend with a propensity for postmortem licking. The memory of that horror flared so vividly--every grotesque detail condensed into one intense and devastating flash of recollection--that Junior's bladder suddenly felt swollen and full, although he had taken a long satisfying leak in an alleyway across the street from the restaurant at which the postcard-painting poseur had enjoyed a leisurely dinner with Ichabod. Evidently, last evening, prior to keeping a dinner date with Victoria, when the taunting detective had illegally entered Junior's house and placed another quarter on the nightstand, he had seen the directory open on the kitchen table. Deducing the meaning of the red check marks, he inserted this card and closed the book: another small assault in the psychological warfare that he'd been waging. Over generous slices of Black Forest cake and coffee, Jacob at first held forth on the explosion of a French freighter, carrying a cargo of ammonium nitrate, at a pier in Texas City, Texas, back in 1947. Five hundred and seventy-six had perished. "Ah, evidently you can read my mind. Scarier than heart reading any day. Maybe there's a thin line between minister's daughter and witch." "I'm wondering," Nolly said, "if you're not an officer of the law anymore, in what capacity are you going to pursue Cain?" Late Monday afternoon, September 19, Junior returned wearily to his apartment, from another fruitless investigation of a Bartholomew, this one across the bay in Corte Madera. Exhausted by his unending quest, depressed by lack of success, he sought refuge in meditation. The house was empty, silent. Hanna worked only days. Nellie Oatis, Perri's companion, was not employed here anymore. The receptionist, Rebecca, had stayed late, just to keep company with Barty in the waiting room. As she settled into a chair beside the boy, he asked her if she knew what gravity was on Mars, and when she confessed ignorance, he said, "Only thirty-seven percent what it is here. You can really jump on Mars." THOUGH OTHERS MIGHT see magic in the world, Edom was enthralled only by mechanism: the great destructive machine of nature grinding everything to dust. Yet wonder suddenly bloomed in him at the sight of the ace bearing his nephew's name. Some acts were distasteful, too, such as searching the lunatic lawman for his car keys and his badge. As though frightened of the gentle certainty in Celestina's eyes, the doctor turned away from him, and toward the window once more. On second thought--no. If Seraphim had told anyone she'd been raped, the police would have been at Junior's doorstep in minutes, with a warrant for his arrest. No matter that they would have no proof. In this age of high sympathy for the previously oppressed, the word of a teenage Negro girl would have greater weight than Junior's clean record, fine reputation, and heartfelt denials. get his hackles up if we, at the state level, still want to poke around a little. In the distance, the clang of a trolley-car bell. Hard and clear in spite of the muffling fog. "If he gets back within the next hour, better ring me at his place so I can scoot." Jolene started to refill his coffee mug--then thought better of it. "Maybe you don't need more caffeine, Edom." When he passed by his own lunch plate on the counter and again saw the quarter gleaming in the cheese, he spat out a curse. She got up from the chair, went to the window, and raised the venetian blind rather than look out between its slats. And had Phimie, retrieved from death by the resuscitation procedures of the surgical team, repaid Nella's kindness with her own stunning message to Lipscomb? In a state of wonderment that was laced with dread rather than delight, he looked up from the quarter, seeking an explanation from Vanadium, expecting to see that anaconda smile. even allow himself as much as a lascivious wink or a quick caress of Victoria's hand. The aging, fugitive Nazi had been replaced at the front desk by a woman with messily chopped blond hair, a brutish face, and arms that would dissuade Charles Atlas from challenging her. She changed a five-dollar bill into coins for the vending machines and snarled at him only once in strangely accented English. Besides, he wasn't on the Greenbaum Gallery customer list and didn't have an invitation. Junior knew that she must be teasing him. Her sense of play was delicious. Such devilry in her scintillant blue eyes, such sauciness. "You're heaven-sent," Grace assured Paul at breakfast Saturday morning. "With all your stories, you lifted our hearts when we most needed to be lifted." holding hands as they watched John Wayne in The Searchers, David Niven in Around the World in 80 Days. They were so young then, sure they would live forever, and they were still young now, but for one of them, forever had arrived. Yet through the summer of 1966, following this call, he acted like a man who was haunted. A sudden draft, even if warm, chilled him and caused him to turn in circles, seeking the source. In the middle of the night, the most innocent of sounds could scramble him from bed and send him on a search of the apartment, flinching from harmless shadows and twitching at looming invisibilities that he imagined he saw at the edges of his vision. Later, weak and shaken, as he was packing his suitcase, the urge overcame him again. He was astonished to discover that anything could be left in his intestinal tract. Angel pointed to a Mercedes parked about forty feet behind the Buick, just as its headlights went off. "A wonderful wedding," Celestina promised her, taking a pair of pajamas from a dresser drawer. Just as Celestina snapped shut the latches on the suitcase and turned to the door, a nurse's aide entered, pushing a cart loaded with towels and bed linens. Their evenings together were comfortable bliss, though usually they just watched television, or he read to her. She enjoyed being read to: mostly historical novels and occasional mysteries. After the service, among those who came to Agnes at graveside, trying to express the inexpressible, was Paul Damascus, the owner of Damascus Pharmacy on Ocean Avenue. Of Mideastern extraction, he had dark olive skin and, incredibly, rust--red hair. With his rust-red eyebrows, lashes, and mustache, his handsome face looked like that of a bronze statue with a curious patina. His musical abilities were most likely an offshoot of his more extraordinary talent for math. He said that music was numbers, and what he seemed to mean was that he could all but instantly translate

the notes of any song into a personal numerical code, retain it, and repeat the song by repeating the memorized sequence of code. When he read sheet music, he saw arrangements of numbers..They introduced themselves as Knacker, Hisscus, and Nork, but Junior didn't bother to associate names with faces, partly because the men were so alike in appearance and manner that their own mothers might have had difficulty figuring out which of them to blame for never calling. Besides, he was still tired from his recent ramble through the hospital-and unnerved by the thought of some baleful-eyed Bartholomew prowling the world in search of him..When the police operator answered, Junior shrieked, "I've been shot! Jesus! Shot! Help me, an ambulance, oooohhhh shit! Hurry!".This momentous day, he thought, and he shook with sudden terror at the inevitability of new beginnings..Sparky wasn't a bad guy, not easily bought, and if he'd been asked to sell out any tenant other than Cain, he probably wouldn't have done so at any price. He greatly disliked Cain, however, and considered him to be "as strange and creepy as a syphilitic monkey."..And somewhere Selma Galloway, their neighbor, was not a spinster but a married woman with grandchildren.."One hour," he announced, establishing a countdown. In sixty minutes, his internal clock would rouse him from a meditative state..He'd acted boldly, recklessly, without scoping the territory to be sure Prosser was alone. The accountant lived by himself, but a visitor might be present..The police. The stupid police. Ringing the bell when they knew he'd been shot. Ringing the damn doorbell when he lay here helpless, the Industrial Woman lurching toward him, his toe on the other side of the kitchen, ringing the doorbell when he was losing enough blood to give transfusions to an entire ward of wounded hemophiliacs. The stupid bastards were probably expecting him to serve tea and a plate of butter cookies, little paper doilies between each cup and saucer..Certain that he was overreacting, Tom nevertheless left the kitchen as a cop, not a priest, would leave it: staying low, knife thrust in front of him, clearing the doorframe fast..Later, in early '66, out of his coma and recovering sufficiently to have visitors, Vanadium spent a most difficult hour with his old friend Harrison White. Out of respect for the memory of his lost daughter, and not at all out of concern for his image as a minister, the reverend had refused to acknowledge either that Seraphim had been pregnant or that she'd been raped-although Max Bellini had already confirmed the pregnancy and believed, based on cop's instinct, that it had been the consequence of rape. Harrison's attitude seemed to be that Phimie was gone, that' nothing could be gained by opening this wound, and that even if there was a villain involved, the Christian thing was to forgive, if not forget, and to trust in divine justice..Junior jammed on the brakes, slammed the gearshift into park, threw open the door, and plunged from the car. He spun around to face the menace, loose gravel shifting treacherously underfoot.."Phimie said the creep thought it was funny, but using Daddy's voice as background music also ... well, aroused him, maybe because it further humiliated her and because he knew it would humiliate our father. But we never told Daddy that part of it. Neither of us saw any useful reason for telling him."..Cupping Angel entirely in his big hands, smiling at her, he said, "Oh, no, Mrs. White, this looks like a healthy young lady to me. No medicine required."..Repressing a smirk, feigning a respectful solemnity, he dared to glance at Vanadium, but the detective stared into Naomi's grave as though he hadn't heard the mockery-or, having heard it, didn't recognize it for what it was..They could be patient. Their self-denial and sweet anticipation ensured that their lovemaking, when at last they were able safely to indulge, would be shattering in its intensity, like the coupling of mortals raised to the status of demigods by virtue of their passion, its power and purity..Magusson's idea of a laugh. "And they didn't even bother to post a warning. In fact, that sign was still up, inviting hikers to enjoy the view from the observation deck."..Agnes wanted to reach out and touch him, but she found that she didn't have the strength to raise her arm. She was no longer holding her belly, either. Both hands lay at her sides, palms up, and even the simple act of curling her fingers required surprising effort and concentration..No sign of Vanadium. Some of the taller monuments offered hiding places on both sides of the cemetery road, as did the thicker trunks of the larger trees.
