Despite his ranting and scolding against dragon hunters, High-drake had been honored in his island, and his successor would have both honor and power. Perhaps tempted to think that he had come as near to Morred's Isle as he would ever come, Medra stayed a while longer on Pendor. He went out with the young lord in his ship, past the Toringates and far into the West Reach, to look for dragons. There was a great longing in his heart to see a dragon. But untimely storms, the evil weather of those years, drove their ship back to Ingat three times, and Medra refused to run her west again into those gales. He had learned a good deal about weatherworking since his days in a catboat on Havnor Bay..Whether performed or read silently, all such poems and songs are consciously valued for their content, not for their literary qualities, which range from high to nil. Loose regular meter, alliteration, stylised phrasing, and structuring by repetition are the principal poetic devices. Content includes mythic, epic, and historical narrative, geographical descriptions, practical observations concerning nature, agriculture, sea lore, and crafts, cautionary tales and parables, philosophical, visionary, and spiritual poetry, and love songs. The deeds and lays are usually chanted, the ballads sung, often with a percussion accompaniment; professional chanters and singers may sing with the harp, the viol, drums, and other instruments. The songs generally have less narrative content, and many are valued and preserved mostly for the tune..circles of ripples from his movement were slight and small. It was shallow for a long way. The prospect of spending the long grey winter at Westpool sank his spirits like a stone. There was nothing here for him except the girl Dragonfly, who had come to fill his thoughts. Her massive, innocent strength had defeated him absolutely so far, but he did what she pleased in order to have her do at last what he pleased, and the game, he thought, was worth playing. If she ran away with him, the game was as good as won. As for the joke of it, the notion of actually getting her into the School on Roke disguised as a man, there was little chance of pulling it off, but it pleased him as a gesture of disrespect to all the piety and pomposity of the Masters and their toadies. And if somehow it succeeded, if he could actually get a woman through that door, even for a moment, what a sweet revenge it would be!"I know. I said everything wrong. I did everything wrong. She didn't understand him, but the idea of fearing him, him personally, was not one she could keep in mind. She tried to be respectful, but it was impossible. She thought he was clever and quite handsome, but she didn't think much about him, except for what he could tell her. He knew what she wanted to know and little by little he told it to her, and then it was not really what she had wanted to know, but she wanted to know more. He was patient with her, and she was grateful to him for his patience, knowing he was much quicker than she. Sometimes he smiled at her ignorance, but he never sneered at it or reproved it. Like the witch, he liked to answer a question with a question; but the answers to Rose's questions were always something she'd always known, while the answers to his questions were things she had never imagined and found startling, unwelcome, even painful, altering all her beliefs..bones need the sun. From the dense, sun-shot darkness of the trees a stream ran out, green-banked, with many brown trodden places where cattle and sheep went down to drink or to cross over. Medra walked through the night. He was very lame, and could not always keep up the werelight. When it failed he had to stop and sit down and sleep. The sleep was never death, as he thought it was. He woke, always cold, always in pain, always thirsty, and when he could make a glimmer of the light he got to his feet and went on. He never saw Anieb but he knew she was there. He followed her. Sometimes there were great rooms. Sometimes there were pools of motionless water. It was hard to break the stillness of their surface, but he drank from them. He thought he had gone down deeper and deeper for a long time, till he reached the longest of those pools, and after that the way went up again. Sometimes now Anieb followed him. He could say her name, though she did not answer. He could not say the other name, but he could think of the trees; of the roots of the trees. This was the kingdom of the roots of the trees. How far does the forest go? As far as forests go. As long as the lives, as deep as the roots of the trees. As long as leaves cast shadows. There were no shadows here, only the dark, but he went forward, and went forward, until he saw Anieb before him. He saw the flash of her eyes, the cloud of her curling hair. But, as there are ascetics among humans, some dragons are greedy for shining things, gold, jewels; one was Yevaud, who sometimes came among people in human form, and who made the rich Isle of Pendor into a dragon nursery, until driven back into the west by Ged.
