Inevitably, he had to wonder if Naomi had kept her pregnancy secret because, indeed, she suspected that the child wasn't her husband's..One moment, girl and yellow vinyl ball. The next moment, gone as if they'd never been..FOR AMERICANS OF Chinese descent-and San Francisco has a large Chinese population-1965 was the Year of the Snake. For Junior Cain, it was the Year of the Gun, though it didn't start out that way..To the alleyway again. Not through the clodhopper-cluttered gallery this time. Around the block at a brisk walk..SHORTLY BEFORE one o'clock, the Hackachaks descended in a fury, eyes full of bloody intent, teeth bared, voices shrill..On this momentous day, however, drawing provided no solace. Frequently, her hands shook, and she could not control the pencil..He came through the surgery well. He'll be in post-op for a while, then

brought here to the ICU. His condition's critical, but there are degrees of critical, and I believe we'll be able to upgrade him to serious long before this day is over. He's going to make it." "Because Cain had called him to get a recommendation of a P. I. here in San Francisco," said Kathleen. "To find out what happened to Seraphim White's baby." When Celestina first entered his ICU cubicle, the sight of his face scared her in spite of the surgeon's assurances. Gray, he was, and sunken-cheeked-as though this were the eighteenth century and so many medicinal leeches had been applied to him that too much of his essential substance had been sucked out. Then he looked up at the massive limbs overhead, and the mood changed: A sense of impending insight at once gave way to the fear that an unsuspected fissure in a huge limb might crack through at this precise moment, crushing him under a ton of wood, or that the Big One, striking now, would topple the entire oak. With the earth still tenuously stable beneath them, they arrived at their fifth destination, a new address on Agnes's mercy list. As he turned the corner onto Jasmine Way, he felt his heart lift in expectation of the sight of his home. It wasn't a grand residence--a typical Main Street, USA, house-but it was more splendid to Paul than Paris, London, and Rome combined, cities that he would never see and would never regret failing to see. As soon as he was alone, however, Junior yearned for the nurse to return. Alone, he felt vulnerable, threatened. Magusson considered the assaults on Victoria and on Vanadium to be hideous crimes, of course, but he also viewed them as affronts to his own dignity and reputation. He expected a felonious client, rewarded with four and a quarter million instead of jail time, to be grateful and thereafter to walk a straight line. Without commenting, Tom continued: "And worlds just like ours-except that my parents never met, and I was never born. Worlds in which Wally was never shot because he was too unsure of himself or just too stupid to take Celestina to dinner that night or to ask her to marry him." Dropped, the wineglass had shattered. But the bottle of Merlot had survived again, rolling across the vinyl-tile floor until it bumped gently against the base of a cabinet. "Honey," Angel said to her daughter, "show us that game you were just playing with Koko. Show us, honey. Come on. Show us. Show us." They came to her, picked up the luggage that she had put down, and Edom said, "I'll drive." When he passed by his own lunch plate on the counter and again saw the quarter gleaming in the cheese, he spat out a curse. Adding new growth to his forest of frustration, Tom got up from the study desk, fetched the newspaper from the front doorstep, and went to the kitchen to make his morning coffee. He boiled up a pot of strong brew and sat down at the knotty-pine table with a steaming mug full of black and sugarless solace. "For the love of God," Junior pleaded, "can't you please give me something for the pain?" Holding a shaker in each hand, Tom walked them forward, causing them to diverge slightly at first, but then moving them along exactly parallel to each other. 'She didn't reach into your thoughts and pluck out the name Rowena. Or Beezil or Feezil.' A moment later, in the corridor, as Nolly locked the door to his suite, Kathleen linked her right arm through Vanadium's left. "Do I call you Detective Vanadium, Brother, or Father?" Fear clotted in Junior's veins, and he stood like an impacted embolism in the busy flow of pedestrians, certain that he himself would at any moment succumb to a stroke. Agnes held a smile as best she could, determined that her son's final glimpse of her face would not leave him with a memory of her despair. The blue vault above, cloudless now, was the most threatening sky that Edom had ever seen. The air was astonishingly dry so soon after a storm. And still. Hushed. Earthquake weather. Before this momentous day was done, great temblors and five-hundred-foot tidal waves would rock and swamp the coast. Agnes discovered, from her research, that among child prodigies, Barty was not a wonder of wonders. Some math whizzes were absorbed by algebra and even by geometry before their third birthdays. Jascha Heifetz, became an accomplished violinist at three, and by six, he played the concertos of Mendelssohn and Tchaikovsky; Ida Haendel performed them when she was five. Frustrated on many levels, Junior hurried to a parking lot one block from the detective's office, where he'd left his new Chevrolet Impala convertible. This Chinese-red machine was even more beautiful when wet with rain than it had looked polished and pristine on the showroom floor. She lay beside her boy in the darkness, gazing at the covered window, where the faint glow of the moon pressed through the blind, suggesting another world thriving with strange life just beyond a thin membrane of light. Paul knelt on one knee beside her wheelchair. "This momentous day, Agnes. This momentous day, with all of its beginnings. Hmmm?". The guy appeared vulnerable, his arms occupied with the kid and the bag, and Junior considered bursting out of the Mercedes, striding straight to the Celestina-humping son of a bitch, and shooting him point-blank in the face. Brain-shot, he would drop quicker than if the headless horseman had gotten him with an ax, and the kid would go down with him, and Junior would shoot the bastard boy next, shoot him in the head three times, four times just to be sure. He moved from a crib to a bed of his own, with guardrails, months ahead of the average toddler. Within a week, he requested that the rails be left down. STILL WEARING HIS white pharmacy smock over a white shirt and black slacks, striding purposefully along the streets of Bright Beach, under a malignant-gray twilight sky worthy of a Weird Tales cover, with ominous accompanying rhythm provided by wind-clattered palm fronds overhead, Paul Damascus headed home for the day. On Joey's side, there was no family to provide help. His mother had died of leukemia when he was four. His dad, fond of beer and brawling--like father not like son--was killed in a bar fight five years later. Without close relatives willing to take him in, Joey went to an orphanage. At nine he wasn't prime adoption material--babies were what was wanted--and he'd been raised in the institution. As if a door had briefly opened between this windless day and another world, a single gust rattled rain against the windows. To have the best chance of becoming a master mechanic, any young apprentice needs a mentor. The art of total card control cannot be learned entirely from books and experimentation. Kathleen hadn't noticed Tom replace his glass on the table, over the quarter. When he lifted it to drain the last of the martini, two dimes and a nickel glittered on the tablecloth, where previously the quarter had been. "D'you have a bag?" Junior was free of superstition. He believed in neither gods nor demons, nor in anything between. "You might as well beat a cloud for raining," said Otter's mother. pistol that he'd purchased in late June. The city operated a program to melt confiscated and donated weapons and to remake them into plowshares or xylophones, or into the metal fittings of hookah pipes. Before setting out from home, Joey had buckled his lap belt, but because of Agnes's condition, she hadn't engaged her own. She rammed against the door, pain shot through her right shoulder, and she thought, Oh, Lord, the baby! The Worry Bear carries worries in his pockets. Under his Panama hat and in two gold locket. Carries worries on his back and under his arms. Nevertheless, dear old Worry Bear has his charms. Vanadium owned so few clothes that the two bags had sufficient capacity to accommodate half the contents of the closet and dresser. THE CRISP CRACKLE of faux flames, the way they made them in the days of radio dramas, back in the 1930s and '40s, when he was a boy: cellophane. "I never saw a Moor--never saw the Sea--Yet know I how the Heather looks--And what a Billow be." Cain's Spruce Hills home, which he'd shared with Naomi, hadn't been furnished anything like this. The difference between there and here--and the similarity to Vanadium's digs--could be explained neither by wealth alone nor by a change of taste arising from the experience of

city life. A cause now apparent, the fear explained, Agnes held her baby more tightly. So new to the world, he seemed already to be slipping away from her, captured by the whirlpool of a demanding destiny. Vanadium continued in his characteristic drone, a tone at odds with the colorful content of his speech: "A man takes one look at his wife's body, starts to sweat harder than a copulating hog, spews like a frat boy at the end of a long beer-chugging contest, and chucks till he chucks up blood-that's not the response of your average murderer." Perhaps Dr. Parkhurst, too, was disturbed by this fascistic and fanatical spew sampling, because he became brusque. "I have a few appointments to keep. By the time I make evening rounds, I expect Mr. Cain to. When he closed his eyes, he saw a bowling pin, a leftover image from his with-seed days. In less than a minute, he was able to make the pin dematerialize, filling his mind with featureless, soundless, soothing, white nothingness. Beveled, crackled, distorted, divided into petals and leaves, Deed's face beyond the lead-ad glass, as he leaned closer to try to peer inside, was the countenance of a dream demon swimming up out of a nightmare lake. Junior had the picture now. Clear as Kodachrome. Victoria was in a relationship, and she had come on to him in the hospital not because she was looking for more action, but because she was a tease. One of those women who thought it was funny to get a man's juices up and then leave him stewing in them. He was glad that he'd taken the double dose of antiemetics. In spite of this provocation, his stomach felt as solid and secure as a bank vault. Certain disbelief insulated her against immediate surprise. She shook her head. "That's not possible." Yet he brooded even at breakfast, in spite of the consolation of clotted cream and berries, raisin scones and cinnamon butter. In better worlds, wiser Tom Vanadiums chose different tactics that resulted in less misery than this, in a far swifter conveyance of Enoch Cain to the halls of justice. But he was none of those Tom Vanadiums. He was only this Tom, flawed "land struggling, and he couldn't take comfort in the fact that elsewhere he had proved to be a better man. If Junior was patient, he could slip in there, find Bartholomew, kill the boy in bed, whack Ichabod second, and still have a chance to make love to Celestina. He nervously fingered the fabric of his slacks, outlining the quarter in his pocket. Still there. Junior kept both forged driver's licenses in his wallet, in addition to the one that featured his real name. He stowed everything else in Pinchbeck's and Gammoner's safe-deposit boxes, along with the emergency cash. "We've been planning this a long time," Angel assured her. "I've climbed the tree a hundred times, maybe two hundred, mapping it, describing it to Barty, inch by inch, the trunk and its four divisions, all the major and minor limbs, the thickness of each, the degree of resilience, the angles and intersections, knots and fissures, all the branches down to the twigs. He's got it cold, Aunt Aggie, he's got it knocked. It's all math to him now." "When I couldn't get enough nightclub and theater bookings for my magic act anymore ... I turned to gambling." Her voice was flat and a little hard. Another man might have mistaken her tone for disapproval, for impatience, even for quiet anger. At the bed, he spread the garment across his pillow. Lying down, he pressed his face into the sweater. The sweet subtle scent of Naomi was as effective as a lullaby, and soon he dozed off. At best, Vanadium might decide Junior had come here to learn what other funeral his nemesis had attended-which was, in fact, the true motivation. But this made it clear that Junior feared him and was striving to stay one step ahead of him. Innocent men didn't go to such length. As far as the fruitcake cop was concerned, Junior might as well have painted I killed Naomi on his forehead. Even in this soft light, Nolly could see that she was blushing like a young girl. She glanced around at the nearby tables. Angel, on the window seat, wore nothing but white. White sneakers and socks. White pants. White T-shirt. Two white bows in her hair. "I'll come by at eight o'clock for breakfast," Wally suggested. "We have to set a date." Junior didn't believe in ghosts, anyway. He believed in flesh and bone, stone and mortar, money and power, himself and the future. In the dark dumpster, tormented by ceaseless torrents of what-ifs, convinced that the spirit of Vanadium was going to slam the lid and lock him in with a revived corpse, Junior had for a while been reduced to the condition of a helpless child. Paralyzed by fear, withdrawn to the corner of the dumpster farthest from the putrefying pianist, squatting in trash, he had shaken with such violence that his castanet teeth had chattered in a frenzied flamenco rhythm to which his bones seemed to knock, knock, like boot heels on a dance floor. He had heard himself whimpering but couldn't stop, had felt tears of shame burning down his cheeks but couldn't halt the flow, had felt his bladder ready to burst from the needle prick of terror but bad with heroic effort managed to refrain from wetting his pants. "Sulk away," the man said. "If you don't like this work, there's always the roaster." This unflinching consistency of packaging enables card mechanics, professional gamblers, sleight-of-hand magicians-to manipulate a new deck with confidence that they know, starting, where every card can be found in the stack. An expert mechanic with practiced and dexterous hands can appear to shuffle so thoroughly that even the most suspicious observer will be satisfied-yet he will still know exactly where every card is located in the deck. With masterly manipulation, he can place the cards in the order that he wishes, to achieve whatever effect he desires. The restaurant wasn't fancy. A coffee shop. Aromatic bacon sizzling, eggs frying. The warm cinnamon smell of fresh pastries, the bracing scent of strong coffee. Clean, bright surroundings. Breath held, Celestina confirmed what she had suspected about the child since the quick glimpse she'd had in the surgery. Its skin was cafe au lait with a warming touch of caramel. After a hesitation, she said, "You're the boogeyman, except when I saw you, I was hiding under the bed where you're supposed to be." By eleven months, his vocabulary had expanded to nineteen words, by Agnes's count: an age when even a precocious child usually spoke three or four at most. From the devil to the sacred and then beyond, Junior drove north on State Highway 160, which was proudly marked as a scenic route, although in these predawn hours, all lay bleak and black. Following the serpentine course of the Sacramento River, Highway 160 wove past a handful of small, widely separated towns. Two soft-boiled eggs, one slice of bread neither toasted nor buttered, a glass of apple juice, and a dish of orange. In recounting the fortune-telling session, Agnes had not told the magician about the four jacks of spades, only about the aces of diamonds and hearts. She never wore her worries for anyone to see; and though she had made a joke of the appearance of the fourth knave on Friday, Edom knew that it had deeply troubled her. His waitress was a cutie. She flirted with him, and he knew he could have her if he wanted. Celestina often thought of his wife and twin boys-Rowena, Danny, and Harry--dead in that airliner crash six years ago, and sometimes she was pierced by a sense of loss so poignant that they might have been members of her own family. She grieved as much over their loss of Wally as over his loss of them, and as blasphemous as the thought might be, she wondered why God had been so cruel as to sunder such a family. Rowena, Danny, and Harry had crossed all waters of suffering and lived now eternally in the kingdom. One day they would all be rejoined with the special husband and father they had lost; but even the reward of Heaven seemed inadequate compensation for being denied so many years here on earth with a man as good and kind and big of heart as Walter Lipscomb. By comparison, the strip club-neon aglow, theater lights twinkling----looked warm, cozy. Welcoming. Trembling and sweating, he turned his back to the view window. As he retreated from the creche, he expected the oppressive pall of fear to lift, but it grew heavier. Ministering to Perri, Joshua had pulled back her blankets. The

fabric of the pale yellow pajama pants couldn't disguise how terribly withered her legs were: two sticks..He exploded off Renee with the velocity of high-powered rifle fire. Stunned, disgusted, humiliated, he backed away from the chaise lounge, spluttering, wiping at his mouth, cursing.."-called himself King Obadiah, Pharaoh of the Fantastic. He traveled all over the country playing nightclubs-".Sudden rain spared her the need to finish the sentence. A few fat drops drew both their faces to the sky, and even as they rose to their feet, this brief light paradiddle of sprinkles gave way to a serious drumming..Instinctively, he knew he should not give massages to Negroes. He sensed that somehow he would be physically or morally polluted by this contact.."Better hurry," Wally advised, gracing Celestina's other cheek with a dryer kiss..His mother, gently pushing Tom to the prime view point at the head of the stairs, seemed unconcerned about her child's venture into the storm..This was the image that plied the turbulent waters of Junior Cain's imagination when he sailed out of the driver's door and came around to face the Studebaker, his heart dropping like an anchor..Later in the month, from Sparky Vox, Junior learned the building had a four-pipe, fan-coil heating system serving discrete ductwork for each apartment. Voices couldn't carry from residence to residence in the heating-cooling system, because no apartments shared ducting. Throughout the spring, summer, and autumn of 1967, Junior met new women, bedded a few, and had no doubt that each of his conquests experienced with him something she had never known before. Yet he still suffered from an emptiness in the heart..Sometimes, while shaving or combing his hair, as he was looking in the bathroom or foyer mirror, Junior thought that he glimpsed a presence, dark and vaporous, less substantial than smoke, standing or moving behind him. At other times, this entity seemed to be within the mirror. He couldn't focus on it, study it, because the moment he became aware of the presence, it was gone..The city was less than seven miles on a side, only forty-six square miles, but Junior was nevertheless faced with a daunting task. Hundreds of thousands of people resided within the city limits..The customers were in a mood, most of them grumbling about their ailments. Others complained about the dreary weather, the increasing number of kids zooming along sidewalks on these damn new skateboards, the recent tax increases, and the New York Jets paying Joe Namath the kingly sum of \$427,000 a year to play football, which some saw as a sign that the country was money-crazy and going to Hell.
